Program Overall Performance

Description of the Program (including goals, objectives, description of program)

A community-wide initiative which revolves around annual major and targeted clean-ups as well as preventive educational messages provide for a truly clean community environment in Roselle Park with adopted motto - KEEP ROSELLE PARK

Achievements

In 2011, we attained 4 major clean-ups and 26 targeted clean-ups thus creating maximum impact upon entire community. D.P.W. involvement helped to secure maximum disposal/recycling of found litter.

Weaknesses

Human factors such as time constraints prevent even greater buy-in from adult members of the community.

Goals for Next Grant Period

Continue working collaboratively with all community groups and involving the school and library community even more to gain greater appeal of project clean-ups.

Other (No more than 500 words)

School participation in recycling will be encouraged.
